Dear Parents and Carers,

Today in following Work Health and Safety requirements and in keeping our children safe, we held an evacuation drill.

There was no danger, and this process allows us to practice and make sure our processes are in place should there ever be an emergency in the school. Our children were able to move in a calm and orderly way to our evacuation assembly point.

For your information: All classrooms are air conditioned and in cases of extreme weather conditions, students remain inside at break times. There is no need to keep your child home on hot days.

Regards,
Helen Boyer, Principal

Dear Parents and Care-givers,

It was wonderful to see the attendance of HTG parents and care-givers at last week's parent information sessions. Thank you to all who attended and showed an active involvement in their child's learning.

We know that parents, families and carers are some of the most important influences on a child's education. When you are positively engaged in your child's education, they are more likely to attend and perform at school. When schools and families work together, children improve in their learning and stay in school longer.

I wanted to say a huge thank you to all our parent helpers for 2016, especially our Stage 2 parent readers. Having parent volunteers in our learning spaces means our students, your children, get extra one on one time, which can make all the difference to their learning and self-esteem. Remember, if you would like to volunteer at school or on excursions, be sure to complete the Working with Children Check with the R.M.S and the CEO Parramatta. Links are below:
